Student of the Month

Rut Tryggvadóttir

Rut Tryggvadóttir, a Senior at Breckenridge High, has always enjoyed drawing. She recalls taking amateur art classes back at home in Iceland. Rut likes art because “It’s relaxing, and when you do a really good job, it’s rewarding.” Her favorite medium is graphite pencils. Aside from art, Tryggvadóttir is involved in computer science and loves track & field. After high school, Rut would like to major in website programming. Her career goals are to make websites or design video games.
